RONCO NITECH® SYNTHETIC EXAMINATION GLOVES

Exclusive to RONCO, manufactured from a patented blend of premium quality synthetic materials. This flagship RONCO glove is 100% latex-free and ideal for a number of food, medical and general uses. RONCO Nitech® was developed in response to application requirements for a level of protection somewhere in between vinyl and nitrile. Nitech® has since been dubbed the "for everything in between" glove. 100% new material for strong, clean, odorless protection. Strong and durable. Flexibility eases hand fatigue. Ambidextrous for easy donning. Powder-free. 5 MIL thickness.

RONCO ALOE SYNTHETIC DISPOSABLE GLOVES

Prolonged use of disposable gloves can cause hand irritation or dryness, which is why RONCO introduced our first line of aloe infused gloves. This vinyl based co-polymer (synthetic stretch) glove provides increased durability and flexibility over conventional vinyl for long wear applications. As your hands perspire, aloe is released in the gloves, rejuvenating your hands while you work. Ambidextrous for easy donning. Beaded cuffs to prevent liquid roll-down. Comfortable for all-day wear. Compliant for contact with food. Flexible for ease of movement. Powder-free. 4 MIL thickness.

RONCO NE4 NITRILE EXAMINATION GLOVES

Highly resistant to hydrocarbon oils, fats, detergents and solvents. Perfect for industrial applications that require a tough disposable glove. Made from 100% nitrile. Offers excellent dexterity and tactile sensitivity. Stronger and more tear and puncture resistant than vinyl or latex gloves of the same thickness. Tough hand protection; preferred by law enforcement, corrections and customs officials and tattoo artists for its comfort during long wear. Licensed as an examination grade glove for use by healthcare professionals and CFIA accepted for use in the food industry. Textured for strong grip. High chemical/solvent resistance. Compliant for food contact. Latex-free to reduce risks of allergic reactions. Powder-free. 4 MIL thickness.

RONCO GOWN

Cast polyethylene with thumb loops. The original CPE Gown is now simply known as the RONCO Gown. This strong cast polyethylene product is the only one of its kind with a smooth finish to inhibit bacterial growth. Replace an apron/sleeve combination and reduce your skus and PPE costs. Features a high, apron style neck with "safety release" back yoke and built-in thumb loops to prevent sleeves from sliding up on the job. HACCP compliant, CFIA accepted for use in food applications and is ideal for any number of industrial or healthcare applications that require excellent particulate protection and barrier against water-based and non-hazardous liquids. Designed for comfort, protection and ease of use - ask for it by name. 1.2 MIL thickness.

MATRIX™ SINGLE-USE EARPLUGS

With a smaller diameter than before, the Matrix™ is packed with innovation and offers enhanced communication, safety and compliance. No-roll design makes insertion fast and easy and delivers instant protection upon proper insertion - no need to wait for the low-pressure foam to expand. Super-soft outer skin ensures comfort. The earplug's uniform attenuation blocks harmful noise while voice frequencies can be heard more naturally, to combat worker isolation and overprotection on the job.

Item #	Vendor #	Description	Qty/Case
223666	SPMTX1OR	Large, NRR 29, Uncorded	10 x 200
223667	SPMTX30OR	Large, NRR 29, Corded	10 x 100

MAX LITE® SINGLE-USE EARPLUGS

Ideal for workers with smaller ear canals, Max Lite®'s low-pressure polyurethane foam expands gently inside the ear canal for comfortable long-term wear, while its contoured T-shape delivers ease of handling. High visibility colors.

Item #	Vendor #	Description	Qty/Case
223669	SPLPF1	Medium, NRR 30, Uncorded	10 x 100
223670	SPLPF30	Medium, NRR 30, Corded	10 x 100

MAX® SINGLE-USE EARPLUGS

If you need to block out noise on the job and demand only the best protection and comfort available, choose MAX®, the world's most popular polyurethane earplug. Offers superior noise-blocking performance in a single-use disposable earplug. Enhanced contoured shape is easier to insert and resists backing out of the ear canal. Manufactured from soft polyurethane foam. Delivers superior long-wearing comfort and performance your workers can depend on. Allows voice frequency through.

Item #	Vendor #	Description	Qty/Case
223674	SPMAX1	Universal Size, NRR 33, Uncorded	10 x 100
223671	SPMAX30	Universal Size, NRR 33, Corded	10 x 100

QUIET® MULTIPLE-USE EARPLUGS

For great protection and comfort from a reusable earplug, Quiet® provides consistent attenuation for all-day wear in corded or uncorded styles. The earplug requires no rolling; its contoured shape comfortably matches contours of the ear canal and its built-in flexible stem adds ease of insertion. Smooth, non-irritating surface is easy to clean and provides all-day comfort in long wear work environments.

Item #	Vendor #	Description	Qty/Case
223660	SPQD30	Large, NRR 26, Uncorded	10 x 100

3M™ E-A-R™ PUSH-INS™ METAL DETECTABLE EARPLUGS 318-3000

Recognized by most metal-sensing systems, these earplugs feature an implanted stainless steel ball bearing in the plug and metal particles in the cord. Surgical grade stainless steel ball bearing is encased in each earplug stem. Cord is also metal detectable. Poly bagged. CSA Class AL.

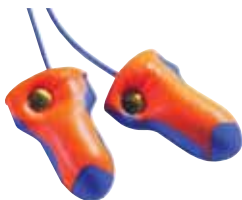

Item #	Vendor #	Description	Qty/Case
124687	70071559754	NRR 30, Corded	2000

LASER TRAK® METAL DETECTABLE EARPLUGS

High visual and metal detectability in a single-use earplug. Low-pressure polyurethane foam expands gently inside the ear canal for comfortable long-term wear, while its contoured T-shape delivers easy handling. A metal grommet on the earplug aids in metal detection, especially in process industries.

Item #	Vendor #	Description	Qty/Case
223659	SPLT30	NRR 32, Corded	10 x 100

SMARTFIT® METAL DETECTABLE EARPLUGS

These corded metal detectable earplugs deliver advanced comfort and a personalized fit. Made with Conforming Material Technology™, which uses body heat to adapt to the shape of the ear canal for individual comfort. Smartfit® Metal Detectable's bright blue color and metalized features can be detected by visual or automated methods.

Item #	Vendor #	Description	Qty/Case
223662	SPSDT30	Universal Size, NRR 25, Corded	10 x 100

JACKSON SAFETY* H10 DISPOSABLE EARPLUG DISPENSER

Save time and reduce waste. Quickly and easily makes earplugs available when they're needed most. Wall-mountable or desktop-ready. Flip-open design for easy refilling. The clear globe shows when you need to refill. Two-direction dispensing. Mounting instructions and hardware included.

Item #	Vendor #	Description	Qty/Case
223547	25709	Designed for H10 Uncorded Earplugs	1

3M™ PELTOR™ OPTIME™ 101 EARMUFFS

For noise levels up to 101 dBA. Stainless steel band distributes weight for low-pressure fit. Liquid/foam filled earmuff cushions. CSA Class A.

Item #	Vendor #	Description	Qty/Case
124724	70071517158	Behind-The-Head, NRR 26	10
124723	XH001651245	Cap-Mount, NRR 24	10

LEIGHTNING® L1 EARMUFFS

Provides high performance and robust durability. Stands up to daily use and abuse without compromising comfort. The Leightning® series delivers the highest level of comfort available, featuring an exclusive padded foam headband and super-soft ear cushions that eliminate squeezing pressure on the head. Also features patented Air Flow Control™ technology for optimal attenuation across all frequencies and snap-in ear cushions for easy maintenance. Padded black foam headband with black ear cups. Replaceable snap-in ear cushions.

Unprecedented germ kill meets innovative dispensing

The latest skin care science breakthrough from GOJO starts with PURELL® Advanced Hand Rub - delivering unprecedented efficacy in a skin-friendly formulation. PURELL Advanced Hand Rub exceeds efficacy requirements with just 1.3 ml.¹ Milliliter for milliliter, PURELL Advanced Hand Rub outperforms other leading hand sanitizers.² A leading-edge formulation demands superior dispensing solutions. That's why GOJO also introduced the manual ADX™ Dispensing System and our third-generation touch-free, LTX™ system. Both come with the GOJO Lifetime Performance Guarantee and are available in large-capacity and compact sizes. Innovative solutions for better hand hygiene and fewer infections - we had a hand in that.

AUTO SHOE COVER DISPENSER

The shoe cover dispenser automatically releases plastic covers over footwear, saving time and effort. The covers fit onto footwear without the need for bending over. Shoe covers improve cleanliness and help to reduce cross contamination in many facilities such as food processing, hospitals, farms, pharmaceutical and other areas that must remain clean.

- AD1 Shoe Cover Dispenser with Covers
- ADR2 Shoe Cover - Regular Refill
- ADR3 Shoe Cover - Slip-Resistant Refill
